Independent Auditor's Report

Honorable Mayor and City Council
City of Sand Point, Alaska

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Sand Point, Alaska, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the City of Sand Point's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Sand Point, Alaska, as of June 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, in 2013, the City of Sand Point, Alaska, adopted the provisions of Governmental Accounting Standards Board (GASB) Statement number 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*; and the provisions of GASB Statement number 65, *Items Previously Reported as Assets and Liabilities*. These provisions have been retrospectively applied to all periods presented in these financial statements. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that budgetary comparison information on page 31 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit for the year ended June 30, 2013 was conducted for the purpose of forming opinions on the financial statements that collectively comprise City of Sand Point's basic financial statements. The accompanying combining and individual fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole for the year ended June 30, 2013.

City of Sand Point, Alaska's basic financial statements for the year ended June 30, 2012 (not presented herein), were audited by other auditors whose report thereon dated December 20, 2012, expressed unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information. The report of the other auditors dated December 20, 2012, stated that the individual fund financial statements and schedules for the year ended June 30, 2012 were subjected to the auditing procedures applied in the audit of the 2012 basic financial statements and certain additional auditing procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare those basic financial statements or to those basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America and, in their opinion, were fairly stated in all material respects in relation to the basic financial statements as a whole for the year ended June 30, 2012.

City of Sand Point, Alaska
Reconciliation of Governmental Funds Balance Sheet
to Statement of Net Position

June 30, 2013

Total fund balances for governmental funds \$ 3,901,554

Total net position reported for governmental activities in the
Statement of Net Position is different because:

Capital assets used in governmental activities are not
financial resources and therefore are not reported
in the funds. These assets, net of accumulated
depreciation, consist of:

Buildings	\$ 8,590,637	
Improvements other than buildings	1,403,041	
Equipment and vehicles	1,894,397	
Total capital assets	<u>11,888,075</u>	
Accumulated depreciation	<u>(4,464,510)</u>	
Total capital assets, net		7,423,565

Long-term liabilities are not due and payable in the current
period and therefore are not reported as fund liabilities.
This liability consists of accrued leave.

(82,636)

Total net position of governmental activities \$ 11,242,483

See accompanying notes to basic financial statements.

City of Sand Point, Alaska

Ending fund balances	\$ 3,332,819	\$ 469,115	\$ 99,620	\$ 3,901,554

See accompanying notes to basic financial statements.

City of Sand Point, Alaska
Reconciliation of Change in Fund Balances of Governmental Funds
to Statement of Activities
Year Ended June 30, 2013

Net change in fund balances - total governmental funds \$ 922,413

The change in net position reported for governmental activities in the Statement of Activities is different because:

Governmental funds report capital outlays as expenditures. However in the Statement of Activities, the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation (\$570,540) exceeded capital outlays (\$336,387) in the current year. (234,153)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore, are not reported as expenditures in governmental funds. This is the decrease in accrued leave. 5,931

Change in net position of governmental activities \$ 694,191

See accompanying notes to basic financial statements.

See accompanying notes to basic financial statements.

City of Sand Point, Alaska
Notes to Basic Financial Statements
June 30, 2013

1. Summary of Significant Accounting Policies

Reporting Entity

The City of Sand Point was incorporated in 1966 and has operated as a first-class city since 1978 under a council/mayor form of government. The City provides a full range of services to its citizens including, but not limited to, public safety, streets, health and social services, water and sewer, refuse collection, boat harbor, and general administration.

The basic principle used in determining the scope of the entity for financial reporting purposes is the exercise of oversight responsibility over other governmental units by the City's elected officials. Oversight responsibility is derived from the governmental unit's power and includes, but is not limited to, financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters. No other entities exist for which the City has oversight responsibility.

The accounting policies of City of Sand Point conform to accounting principles generally accepted in the United States of America as applicable to governments. The following is a summary of the more significant policies:

Government-Wide and Fund Financial Statements

Government-wide financial statements include the statement of net position and statement of activities. These statements report financial information for the City as a whole. Individual funds are not displayed, but statements distinguish governmental activities from business-type activities which are generally financed in whole or in part with fees charged to external customers. The statement of activities reports expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services and other charges to users of the City's services; (2) operating grants and contributions which finance annual operating activities; and (3) capital grants and contributions which fund acquisition, construction, or rehabilitation of capital assets and include fees to developers. These revenues are subject to externally imposed restrictions to these program uses. Taxes and other revenue sources not properly included with program revenues are reported as general revenues.

Separate financial statements are provided for governmental and proprietary funds. Major individual governmental and proprietary funds are reported in separate columns with composite columns for nonmajor funds.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide and proprietary fund financial statements report using the economic resources measurement focus and accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred regardless of the timing of the related cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

City of Sand Point, Alaska

Notes to Basic Financial Statements

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The City considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only to the extent they have matured.

Major revenue sources susceptible to accrual include charges for services, intergovernmental revenues and investment income. In general, other revenues are recognized when received.

Fund Types and Major Funds

The City reports the following major governmental funds:

General Fund - Reports as the primary fund of the City. This fund is used to account for all financial resources not reported in other funds.

School Loop Capital Project Fund - to account for the School Loop Capital Project to include state, federal, and local funding sources.

The City reports the following major proprietary funds:

Bingo Enterprise Fund - to account for gaming activities.

Boat Harbor Enterprise Fund - to account for activities of the boat harbor.

Refuse Collection Enterprise Fund - to account for refuse collection.

Water and Sewer Enterprise Fund - to account for water and sewer utilities.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the City considers all cash and investments to be cash equivalents. The central treasury, which holds cash and investments, is used essentially as a cash management pool by each fund.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Receivables and Payables

On the fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "due to/from other funds." Long-term loans between funds are classified as "advances to/from other funds." These amounts are eliminated in the governmental and business-type activities columns of the statement of net position, except for any net residual amounts due between governmental and business-type activities, which are reclassified and presented as internal balances.

At the governmental fund financial reporting level, an "advance receivable" is offset by nonspendable fund balance to indicate that it is not available for general appropriation.

City of Sand Point, Alaska

Notes to Basic Financial Statements

Capital Assets

The City's property, plant, equipment, and infrastructure with useful lives of more than one year are stated at historical cost and comprehensively reported in the government-wide financial statements. Donated assets are stated at fair value on the date donated. The City generally capitalizes assets with a cost of \$5,000 or more as purchase and construction outlays occur. Costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are disposed of, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded.

Estimated useful lives in years for depreciable assets are as follows:

	Years
Buildings	20-40
Machinery	5-10
Vehicles	5-10
Infrastructure assets	50

Compensated Absences

It is the City's policy to allow employees to accumulate earned but unused annual leave. Compensated absences are reported as accrued in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Unearned Revenue

Amounts for which asset recognition criteria have been met but for which revenue recognition criteria have not been met are recorded as unearned revenue.

Long-term Debt

In government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Governmental fund financial statements recognize proceeds of debt and premiums as other financing sources of the current period.

Fund Balances

In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on the constraints imposed on the use of these resources:

Nonspendable fund balance - This classification includes amounts that cannot be spent because they are either (a) not in spendable form—prepaid items or inventories; or (b) legally or contractually required to be maintained intact.

City of Sand Point, Alaska

Notes to Basic Financial Statements

Restricted fund balance - This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance - These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolutions or ordinances of the City Council—the government's highest level of decision making authority. Those committed amounts cannot be used for any other purpose unless the City Council removes the specified use by taking the same type of action imposing the commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned fund balance - This classification reflects the amounts constrained by the City's "intent" to be used for specific purposes, but are neither restricted nor committed. The City Council has the authority to assign amounts to be used for specific purposes. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the General Fund, that are not classified as nonspendable and are neither restricted nor committed.

Unassigned fund balance - This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds.

When both restricted and unrestricted resources are available for use, it is the City's policy to use externally restricted resources first, then unrestricted resources—committed, assigned, and unassigned—in order as needed.

Use of Estimates

Preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect amounts reported in these financial statements. Accordingly, actual results could differ from those estimates.

Budgetary Accounting

The annual City operating budget is prepared by management in the spring preceding the fiscal year to which it relates. The budget is submitted to the City Council for review and approval. Legal enactment of the budget is obtained through passage of a City ordinance. Amendments to the budget can occur any time during the fiscal year through City Council action.

Grants and Other Intergovernmental Revenues

In applying the measurable and available concept to grants and intergovernmental revenues, legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts are considered "earned"; therefore, revenues are recognized based on expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the measurable and available criteria are met.

City of Sand Point, Alaska
Notes to Basic Financial Statements

Change in Accounting Principle

The City has adopted the provisions of the Governmental Accounting Standards Board's statements number 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and number 65, *Items Previously Reported as Assets and Liabilities*. The effect on the financial statements of the adoption of the provisions of these statements was to present a statement of net position rather than a statement of net assets, as presented in previous periods.

2. Cash and Investments

Reconciliation of Deposit and Investment Balances

The following is a reconciliation of the City's deposit and investment balances to the financial statements as of June 30, 2013.

	Totals
Deposit accounts and cash on hand	\$ 2,133,277
Pooled investment	2,892,350
	\$ 5,025,627

	Totals
Cash and investments	\$ 4,056,175
Restricted cash	969,452
	\$ 5,025,627

Custodial Credit Risk - Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City does not have a policy for custodial credit risk. At June 30, 2013, \$250,000 of the City's bank deposits were insured by the Federal Deposit Insurance Corporation. The remaining balance of deposits were uninsured and uncollateralized. The Pooled Investment (AMLIP, see below) is not subject to custodial credit risk.

Investments

Pooled investments are invested with the Alaska Municipal League Investment Pool, Inc. (AMLIP). The AMLIP is an external investment pool which is rated AAAM for credit risk purposes. Alaska Statute 37.23 establishes regulatory oversight of the pool. The law sets forth numerous requirements regarding authorized investments and reporting. The share value of investments in the AMLIP is approximately equal to fair value.

Southwest Governments, LLC

The City holds a 20% interest in Southwest Governments, LLC, a company that owns and rents an office building in Anchorage, Alaska. At June 30, 2013, the City's investment in the LLC was \$280,063. This investment is considered noncurrent, and accordingly, an equal amount of fund balance of the General Fund is shown as nonspendable.

City of Sand Point, Alaska
Notes to Basic Financial Statements

3. Capital Assets

Capital asset activity for the year ended June 30, 2013 was as follows:

<i>Year ended June 30,</i>	Balance July 1, 2012	Additions	Deletions	Balance June 30, 2013
Governmental Activities				
<i>Capital assets not being depreciated -</i>				
Construction in progress	\$ 1,113,177	\$ 170,453	\$ 1,283,630	\$ -
<i>Capital assets being depreciated:</i>				
Buildings	8,590,637	-	-	8,590,637
Improvements other than buildings	48,548	1,354,493	-	1,403,041
Equipment and vehicles	1,799,326	95,071	-	1,894,397
Total assets being depreciated	10,438,511	1,449,564	-	11,888,075
Less accumulated depreciation for:				
Buildings	2,621,704	429,532	-	3,051,236
Improvement other than buildings	21,071	40,225	-	61,326
Equipment and vehicles	1,251,195	100,753	-	1,351,948
Total accumulated depreciation	3,893,970	570,540	-	4,464,510
Total capital assets being depreciated, net	6,544,541	879,024	-	7,423,565
Governmental Activity Capital Assets, Net	\$ 7,657,718	\$ 1,049,477	\$ 1,283,630	\$ 7,423,565

<i>Capital assets not being depreciated -</i>				
Construction in progress	\$ 63,810	\$ 3,151,930	\$ -	\$ 3,215,740
<i>Capital assets being depreciated</i>				
Buildings and improvements	5,036,735	45,953	-	5,082,688
Equipment and vehicles	1,333,971	21,323	-	1,355,294
Landfill	1,996,889	-	-	1,996,889
Total assets being depreciated	8,367,595	67,276	-	8,434,871
Less accumulated depreciation for:				
Buildings and improvements	2,002,857	144,232	-	2,147,089
Equipment and vehicles	844,394	100,875	-	945,269
Landfill	998,446	62,403	-	1,060,849
Total accumulated depreciation	3,845,697	307,510	-	4,153,207
Total capital assets being depreciated, net	4,521,898	(240,234)	-	4,281,664
Business-Type Activity Capital Assets, Net	\$ 4,585,708	\$ 2,911,696	\$ -	\$ 7,497,404

City of Sand Point, Alaska
Notes to Basic Financial Statements

Depreciation expense was charged to the functions as follows:

Governmental Activities	
General government	\$ 410,323
Parks and recreation	3,927
Public safety	40,086
Public works	103,975
Community development	12,229
Total Depreciation Expense - Governmental Activities	\$ 570,540
Business Type Activities	
Bingo	\$ 2,908
Boat harbor	66,526
Refuse collection	96,408
Water and sewer	141,667
Total Depreciation Expense - Business-Type Activities	\$ 307,509

4. Long-Term Debt

General Obligation Bonds

The City of Sand Point issued general obligation bonds for the expansion of the Small Boat Harbor. The general obligation bonds pledge the full faith and credit of the City. Bonds in the amount of \$2,615,000 were issued on March 12, 2013.

All of the bonds outstanding are held by the Alaska Municipal Bond Bank Authority. This State of Alaska agency purchases bonds from municipalities within the State, while simultaneously selling its own bonds to third parties in order to fund the bond purchases.

Bonds currently outstanding are as follows:

Business-Type Activities	Interest Rates	Outstanding Balance
Small boat harbor - \$2,615,000, 2013 Series One general obligation bonds, due in annual principal payments of \$55,000 to \$175,000 through 2038	2%-5% (before rebate)	\$ 2,615,000

City of Sand Point, Alaska
Notes to Basic Financial Statements

Debt service requirements to maturity for the general obligation bonds are as follows:

Business-Type Activities			
<i>Fiscal Year</i>		Principal	Interest
2014		\$ 55,000	\$ 105,822
2015		60,000	120,580
2016		65,000	118,180
2017		65,000	115,580
2018		70,000	112,980
2019-2023		390,000	518,300
2024-2028		500,000	421,900
2029-2033		625,000	284,400
2034-2038		785,000	122,000
Total		\$ 2,615,000	\$ 1,919,742

Changes in long term liabilities for the year ended June 30, 2013 follows:

	Beginning Balances	Additions	Reductions	Ending Balances	Due Within One Year
Governmental Activities -					
Compensated absences	\$ 88,568	\$ 124,551	\$ 130,483	\$ 82,636	\$ 82,636

	Beginning Balances	Additions	Reductions	Ending Balances	Due Within One Year
Business-type Activities					
General obligation bonds	\$ -	\$ 2,615,000	\$ -	\$ 2,615,000	\$ 55,000
Bond premium	-	414,322	-	414,322	-
Landfill closure liability	74,480	9,310	-	83,790	-
Accrued leave	18,004	27,885	28,519	17,370	17,370
Total Business-Type Activities	\$ 92,484	\$ 3,066,517	\$ 28,519	\$ 3,130,482	\$ 72,370

The remainder of this page left blank intentionally.

City of Sand Point, Alaska
Notes to Basic Financial Statements

5. Fund Balances

Fund balances, reported for the major funds and nonmajor funds in the aggregation on the governmental funds balance sheet are subject to the following constraints:

<i>June 30, 2013</i>	General Fund	School Loop Capital Project Fund	Nonmajor Funds	Totals
Nonspendable:				
Investment in Southwest Governments, LLC	\$ 280,063	\$ -	\$ -	\$ 280,063
Advance to other funds	988,814	-	-	988,814
Total nonspendable	1,268,877	-	-	1,268,877
Assigned:				
Silver Salmon Derby	-	-	23,074	23,074
Clinic	-	-	76,546	76,546
Capital projects	-	469,115	-	469,115
Total assigned	-	469,115	99,620	568,735
Unassigned	2,063,942	-	-	2,063,942
Total Fund Balances	\$ 3,332,819	\$ 469,115	\$ 99,620	\$ 3,901,554

6. Interfund Balances

A schedule of interfund balances and transfers for the year ended June 30, 2013, follows:

<i>June 30, 2013</i>	
Due To Other Funds	
Due to the General Fund from Bingo Enterprise Fund for operating costs	\$ 366,919
Advance to Other Funds	
Advance from the General Fund to the Water and Sewer Enterprise Fund for capital and operating costs	\$ 988,814
Transfers	
Transfer from the General Fund to the Boat Harbor Enterprise Fund for capital costs	\$ 100,000

City of Sand Point, Alaska
Notes to Basic Financial Statements

7. Defined Benefit Pension Plan

The City participates in the Public Employees' Retirement System (PERS). PERS is a cost-sharing multiple employer plan which covers eligible State and local government employees, other than teachers. The Plan was established and is administered by the State of Alaska Department of Administration to provide pension, postemployment healthcare, death, and disability benefits. Benefit and contribution provisions are established by State law and may be amended only by the State Legislature.

The Plan is included in a comprehensive annual financial report that includes financial statements and other required supplemental information. The report is available at the following address:

Department of Administration
Division of Retirement and Benefits
P.O. Box 110203
Juneau, Alaska 99811-0203

Conversion to Cost Sharing

In April 2008, the Alaska Legislature passed legislation which converted the existing Public Employees Retirement System (PERS) from an agent-multiple employer plan to a cost-sharing plan with an effective date of July 1, 2008. Under the cost-sharing arrangement, the State of Alaska Division of Retirement and Benefits no longer tracks individual employer assets and liabilities. Rather, all plan costs and past service liabilities are shared among all participating employers.

That same year, the State of Alaska passed additional legislation which statutorily capped the employer contribution, established a state funded "on-behalf" contribution, and required that employer contributions be calculated against all PERS eligible wages, including wages attributable to the defined contribution plan described later in these footnotes.

Employee Contribution Rates

Regular employees are required to contribute 6.75% of their annual covered salary (2.97% for pension and 3.78% for healthcare). Police and firefighters are required to contribute 7.5% of their annual covered salary (3.29% for pension and 4.21% for healthcare).

Employer and Other Contribution Rates

There are three contribution rates associated with the pension and healthcare contributions and related liabilities:

Contractual Rate: This is the required funding rate for participating employers. The contractual rate is statutorily capped at 22% of eligible wages, subject to a wage floor, and other termination events. This 22% rate includes all PERS participating wages, including those wages attributable to employees in the defined contribution plan.

City of Sand Point, Alaska

Notes to Basic Financial Statements

ARM Board Adopted Rate: This is the rate formally adopted by the Alaska Retirement Management Board. This rate is actuarially determined to calculate annual funding requirements of the Plan, without regard to the statutory rate cap. There are no constraints or restrictions on the actuarial cost method or other assumptions used in this valuation, other than those established and agreed to by the ARM Board.

Current legislation provides that the State of Alaska will contribute the difference between the ARM Board adopted rate and the contractual (statutory) rate. These additional contributions are recognized by each employer as an on-behalf payment and are reflected as revenue and expense/expenditure within the financial statements.

GASB 43 Rate: This is the rate used to determine the long-term pension and healthcare liability for plan accounting purposes in accordance with generally accepted accounting principles as established by GASB. Certain actuarial methods and assumptions for this rate calculation are mandated by GASB. For FY13, the rate uses an 8.00% pension discount rate and a 6.88% healthcare discount rate. Additionally, the GASB 43 rate disregards all future Medicare Part D payments.

The GASB 43 rate differs significantly from the ARM Board adopted rate as a direct result of differences in the actuarial valuation methodology and assumptions.

Contribution rates for the year ended June 30, 2013 were determined as part of the June 30, 2010 actuarial valuation and are as follows:

<i>June 30, 2013</i>	Contractual Rate	ARM Board Adopted Rate	GASB 43 Rate
Pension	9.67%	15.75%	24.95%
Postemployment healthcare	12.33%	20.09%	39.93%
Total contribution rate	22.00%	35.84%	64.88%

Annual Pension and Postemployment Healthcare Cost

The City is required to contribute 22% of covered payroll, subject to a wage floor. In addition, the State of Alaska contributed approximately 13.84% of covered payroll to the Plan. In accordance with the provisions of GASB Statement Number 24, the City has recorded the State on-behalf payment in the amount of \$168,475 as revenue and expense/expenditures in these financial statements. However, because the City is not statutorily obligated for these payments, this amount is excluded from pension and OPEB cost as described here.

<i>Year ended June 30,</i>	Annual Pension Cost	Annual OPEB Cost	Total Benefit Cost (TBC)	City Contributions	% of TBC Contributed
2013	\$ 87,826	\$ 111,986	\$ 199,812	\$ 199,812	100%
2012	57,211	69,668	126,879	126,879	100%
2011	68,716	123,865	192,581	192,581	100%

City of Sand Point, Alaska

Notes to Basic Financial Statements

8. Defined Contribution Pension Plan

Employees hired after July 1, 2006 participate in PERS Tier IV, a defined contribution plan. The Plan is administered by the State of Alaska, Department of Administration. Benefit and contribution provisions are established by State law and may be amended only by the State Legislature. The Alaska Retirement Management Board may also amend contribution requirements. Included in the Plan are individual pension accounts, retiree medical insurance plan and a separate Health Reimbursement Arrangement account that will help retired members pay medical premiums and other eligible medical expenses not covered by the medical plan.

Employee Contribution Rates

Employees are required to contribute 8.0% of their annual covered salary. This amount goes directly to the individual's account.

Employer Contribution Rates

The City is required to contribute the following amounts based on covered salary:

<i>June 30, 2013</i>	Other Tier IV	Police/Fire Tier IV
Individual account	5.00%	5.00%
Retiree medical plan	0.48%	0.48%
Occupational death and disability benefits	0.14%	0.99%
	5.62%	6.47%

In addition, the employer must contribute to the Health Reimbursement Arrangement. AS 39.30.370 establishes this contribution amount as "three percent of the average annual employee compensation of *all employees of all employers* in the plan". As of July 1, 2012, for actual remittance, this amount is calculated as a flat rate for each full time or part-time employee per pay period and approximates \$1,848 per year for each full-time employee, and \$1.18 per hour for part-time employees.

Employees are immediately vested in their own contributions and vest 25% per year in employer contributions. The City and employee contributions to PERS including the HRA contribution for the year ended June 30, 2013 were \$53,960 and \$43,154, respectively.

9. Landfill Closure and Postclosure Liability

The City operates a local landfill. State and federal laws and regulations require the City to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure. Although closure and postclosure care costs will be paid only near or after the date the landfill stops accepting waste, generally accepted accounting principles require that the City report a portion of these closure and postclosure care costs each period based on landfill capacity used as of each balance sheet date.

City of Sand Point, Alaska

Notes to Basic Financial Statements

The City has estimated the closure and post closure costs to be \$242,060 with an estimated remaining life through 2030. At June 30, 2013, the City has recognized \$83,790 of this liability on the statement of net position, an increase of \$9,310 from the prior year. The City will recognize the remaining estimated cost of closure and post closure care of \$158,270 as the remaining expected usage is filled. These amounts are based on what it would cost to perform all closure and post closure care in 2013. Actual costs may be higher due to inflation, changes in technology or changes in regulations. The remaining life of the landfill is estimated to be approximately 17 years.

At June 30, 2013 the City has not committed or assigned any fund balance to fund the cost of closure and post closure monitoring, nor have any assets been restricted for this purpose.

10. Risk Management

The City faces a considerable number of risks of loss, including (a) damage to and loss of property and contents, (b) employee torts, (c) professional liability; i.e., errors and omissions, (d) environmental damage, (e) workers' compensation; i.e., employee injuries, and (f) medical insurance costs of employees.

The City is a member of Alaska Public Entity Insurance (APEI), a governmental insurance pool. APEI provides the City coverage for property, including building and contents, automobiles, mobile equipment, data processing equipment and boiler and machinery; casualty, including general liability, public officials and employees liability, law enforcement professional liability, auto liability and employee benefit liability; workers' compensation, including employers liability; and commercial blanket bond. The City maintains supplemental marine insurance and firefighters group accident coverage with insurance companies placed through APEI. The City has no coverage for potential losses from environmental damages.

APEI is a public entity risk pool organized to share risks among its members. Its bylaws provide for the assessment of supplemental contributions from members in the event that losses and expenses for any coverage year exceed the annual contributions and income earned on such contributions for the year. Such supplemental contributions shall be based upon each member's deposit contribution in comparison to the aggregate deposit contributions of all members. There were no supplemental assessments made during the year ended June 30, 2013.

11. Contingencies

Grants

The City has received grants which are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursement for expenditures disallowed under the terms of the grant. Management believes that such disallowances for grants, if any, would not be material.

12. New Accounting Pronouncements

The Governmental Accounting Standards Board has passed several new accounting standards with upcoming implementation dates. Management has not fully evaluated the potential effects of these statements, but believes that GASB Statement 68 will result in the biggest reporting change. Actual impacts have not yet been determined:

City of Sand Point, Alaska

Notes to Basic Financial Statements

GASB 66 - Technical Corrections - 2012 - Effective for year-end June 30, 2014 - This statement contains certain technical corrections to prior GASB statements on the topics of Risk Financing, Operating Leases, Loan Purchases, and Servicing Fees.

GASB 67 - Financial Reporting for Pension Plans - Effective for year-end June 30, 2014 - This statement changes the reporting and disclosure requirements for government Pension Plans. This statement modifies the Plan-side reporting.

GASB 68 - Accounting and Financial Reporting for Pensions - Effective for year-end June 30, 2015 - This statement changes the reporting and disclosure requirements for governments that participate in pension plans. This statement modifies the participating employer side reporting in connection with the Plan side reporting at GASB 67.

GASB 69 - Government Combinations and Disposals of Government Operations - Effective for year-end June 30, 2015 - This statement contains certain disclosures to be made about government combinations and disposals of government operations to enable financial statement users to evaluate the nature and effects of these transactions.

GASB 70 - Accounting and Financial Reporting for Nonexchange Financial Guarantees - Effective for year-end June 30, 2014 - This statement contains reporting requirements when a government financially guarantees the obligations of another government, non-profit, or private entity without receiving equal value in exchange.
